COMPANY PROFILE

Established in 2009, as a merger of Factory Equipment (1964) and Project Equipment (1994), Pipeline Products (India) is a professionally managed marketing company that was formed to offer a host of Industrial Products under one roof.

The aim of our company has been to provide our customers with a 'one-stop solution' by offering an ever-increasing range of products, carefully selected with due consideration to all factors such as quality, product range & prices. We strive to attend to all Industrial requirements in the shortest time frame and at the best prices.
